Tertiary Education Commission Report - all NZ students

The following tables show the qualification completion rate for different parts of the tertiary sector in 2009 and 2010.

The rates represent the total number of successful qualifications completions in a given part of the sector (e.g., levels 1-2) as a proportion of enrolments in that part of the sector.

Table 3: Rate of successful qualification completion across all tertiary providers by level of qualification

| Level of study | Rate 2009 | EFTS delivered 2009 | Rate 2010 | EFTS delivered 2010 |
|----------------|-----------|---------------------|-----------|---------------------|
| Level 1-2 | 50% | 2,416 | 55% | 2,279 |
| Level 3-4 | 53% | 19,103 | 60% | 16,896 |
| Level 5-6 | 53% | 27,104 | 57% | 26,396 |
| Level 7-8 | 69% | 29,386 | 66% | 28,913 |
| Level 9-10 | 67% | 11,672 | 84% | 11,928 |

Note : Level 6 is diploma qualification, level 7 is Bachelor degree
